

This half-term, weekly homework tasks are designed to help revisit & practise Maths & English skills following the January/February lockdown.

The grid is designed to give your choice, as always. The fact that each column focuses on different aspects of Maths or English means you can do tasks in any order and the fact that there is more than enough for one column per week means you can leave the ones you don't like/want to practise.

Each column is split into challenges-as we use in the classroom. Choose the challenge you think you can complete. **REMEMBER:** you can always change to the easier/harder challenge at any point

#### MATHS

	Place Value	Addition & Subtraction	Multiplication & Division	Measurement - Money	Statistics
Intro	Look at a 3-digit number; 623. What is the 6 worth? We can see that it is in the HUNDREDS column so it must be worth 600. What about the 2? It is in the TENS column so it must be worth 20. The 3 is in the ones column so it is worth 3.	Can you add and subtract these numbers? Could you add or subtract them in your head -mentally- and then check with a written method to see if you are correct? Have a go.	If we know $3 \times 7 = 21$ , what else could we work out? <b>We could work out:</b> $7 \times 3 = 21$ , $21 \div 3 = 7$ , $21 \div 7 = 3$ , $30 \times 7 = 210$ , $3 \times 70 = 210$ , $210 \div 30 = 7$ , $210 \div 70 = 3$ .	Can you remember how many p = £1? There are 100p in £1. Look: 500p = £5.00 150p = £1.50 621p = £6.21	Look at the bar charts below. Choose your challenge and answer the questions for that challenge.

## How to Grow Your Own Spring Daffodils

10 Across the UK, daffodils are commonly viewed as the first  
21 sign of spring. Here is how you can grow these beautiful  
32 flowers at home. This is best completed in October to give

53 a trowel.

65 Step 1: Using your trowel, gently dig a small hole in the  
77 ground that is deep enough to fit two bulbs inside, one on  
81 top of the other.

89 Step 2: Ensuring the roots of the bulb  
95 are facing down, place them in  
97 the ground.

103 Step 3: Cover your bulbs over  
105 with soil.

110 Step 4: Enjoy watching your  
113 fabulous flowers grow!
